A visionary in the salon world, Pascal Ibgui has redefined the salon concept, taking the servicing of his clientele to the next level and earning the respect and admiration of industry colleagues worldwide. Pascal pour Elle, a luxury salon for all the senses, pampers its clientele at two locations – Glencoe and Glenview.

With a staff of the region's finest stylists, colorists and spa treatment specialists, Pascal pour Elle sets its own standard for such services as Hair Extensions, Thermal Hair Straightening, Kerastase Intensive Conditioning, Triple Moisturizing and Ionic Conditioning Treatments, complemented by a stimulating array of spa services.

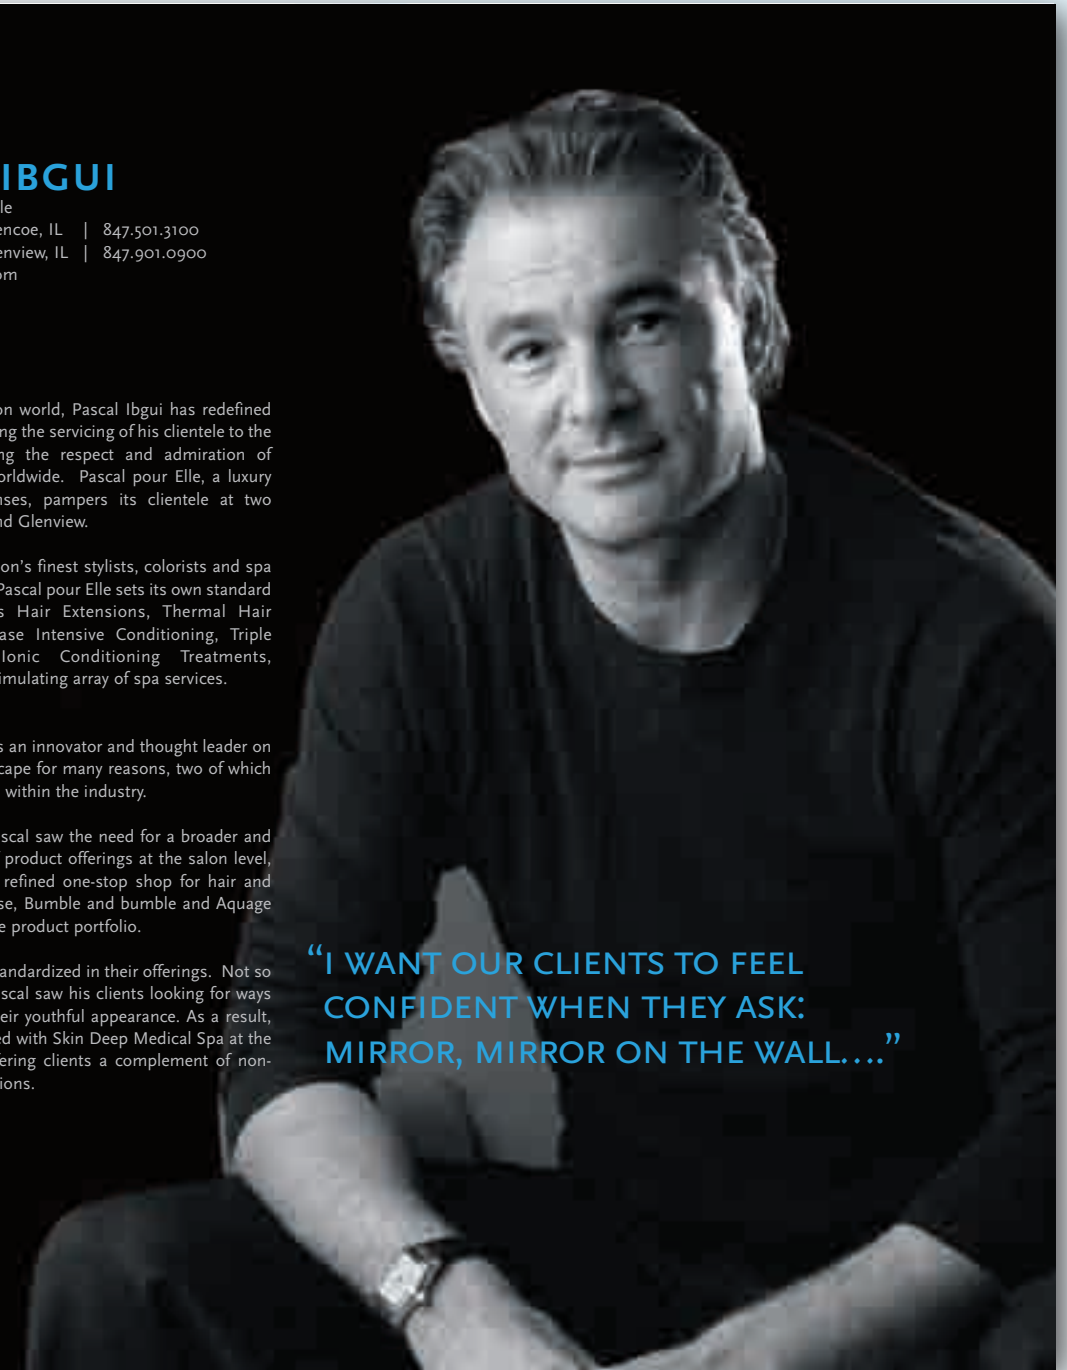

### INNOVATOR

Pascal is recognized as an innovator and thought leader on the salon & spa landscape for many reasons, two of which clearly distinguish him within the industry.

- On the retail side Pascal saw the need for a broader and more diverse range of product offerings at the salon level, creating in essence a refined one-stop shop for hair and beauty needs. Kerastase, Bumble and bumble and Aquage are among its exclusive product portfolio.

- Spas have become standardized in their offerings. Not so at Pascal pour Elle. Pascal saw his clients looking for ways to retain, or regain, their youthful appearance. As a result, Pascal pour Elle teamed with Skin Deep Medical Spa at the Glenview location, offering clients a complement of non-invasive treatment options.
